

PATHLIGHT 70, LED

outdoor floor stand, rust coloured, IP55, 3000K

Item No. 1001824

The direct radiating floor stands of the RUSTY series convince by their exceptional rust look. This is achieved by a special chemical treatment of the FeCSi steel used. This makes the luminaire a unique piece and an absolutely special feature wherever they are installed. With protection class IP55, it is suitable for outdoor use. As an option an earth spike as well as a connection box for safe electrical connection to the round luminaire upright, are available. Equipped with a powerful LED, the luminaire connects directly to a 240V mains voltage supply.
