

Elipta E4132N - Compact Spike Spotlight - Black - 240v GU10

Description

The Elipta E4132N is a fully adjustable 240-volt spike spot in Black Powder Coated Aluminium. It has a flush lens to prevent water accumulation, and a longer body to shield the lamp from view.

Max LED size 72mm not including pins.

Colour/ Finish	Black Powder Coated Aluminium
Exterior Dimensions	111mm x 63mm, not including 250mm spike.

Installation guidelines

Installation must be undertaken by a qualified electrician. Unscrew bezel and insert lamp. Apply small amount of grease to thread and screw back on to the body of the light. Screw the spike into the light and place the light in desired location. Cable connections can be made using a T9966 IP68 in-line connector or any IP rated junction box. Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. **We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD**

**2 YEAR
WARRANTY**

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Corrosion due to exposure to salt or chlorine. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss
