

E4212- Compact Outdoor Wall Spotlight – Stainless Steel - 240v GU10

Description

Elipta Compact outdoor wall spotlights are adjustable wall or post mount spotlights for downlighting and accent lighting focal points available 12v or 240v in 316 stainless steel, natural copper and black, white or rustic brown powder-coated aluminium. E4212 is a 240v model using GU10 Led lamps which means there is no need for a bulky transformer base and they fit mains wiring points on house walls and pillars. It has a flush lens which sheds water and dirt and is easy to clean. 3w or 5w led lamps provides a long life, low energy option for lighting smaller subjects, while 6w - 7w lamps provide a broad wash of light for patios.
