Installation guidelines

Tubular section is secured by a small screw. Remove screw to detach the tube section and install the lamp of your choice, and replace the tube section, replacing the screw to secure the tube section to the main body of the light. The use of a screw in hook or strap allows the light to be hung from a pergola or similar structure. Supplied with 1m of twin core H05RN-F 0.75mm² rubber cable.

12 volts - requires power from a remote transformer.
